

Y SPLASH

>> FOR Y'ALL <<

Dear Friend of the YMCA,

Thank you for being a generous supporter of our community. As you may know, one in three individuals participating in YMCA programs receive financial assistance - and because of other heroes like you, no one is turned away due to inability to pay. We know community is important to you and we hope we can count on you to support the vital services the Y is providing to those who need it most.

Our 17th Annual Y Splash Gala will be held on Friday, September 11, 2026, and we would be thrilled to have you participate in our fundraising efforts this year by donating an auction item.

Last year's Y Splash Gala had over 350 attendees and raised more than \$630,000 to support local families. This year we hope to raise even more in response to an increased need in our community. Your donation will help us achieve this goal while giving you community recognition at our event, on our event website, in promotional e-mails to our members and guests, and in social media posts.

More than 50,000 youth, families, and adults from all walks of life are served annually by the YMCA of Northern Colorado. Our facilities include the Boulder Y, Johnstown Y, Lafayette Y and our Camp Tumbleson Lake overnight camp in Ward, CO. Our reach also includes numerous after-school and summer camp sites, swimming pools and countless sports fields and gyms throughout Weld, Boulder, and Larimer counties.

Your support strengthens the foundations of the place we all call home. Because of you, children access early education and quality care. Families find resources and reassurance. Seniors discover wellness and connection. And during wildfires, floods, or other crises, the Y is there—because you are.

Like you, the YMCA steps up when our community needs us. Thank you for caring about youth development, healthy living, and social responsibility. We couldn't do what we do without you, and we are incredibly grateful for your support.

Warmest Regards,

Becky Fase
Vice President of Financial Development
